Death's Betrothal.

A few years ago a New York newspaper conducted an open discussion upon the topic: "Is Marriage a Failure?" The answer is easy and upon the surface. Where there is mutual love and respect, if there is also health, marriage is a success. When health is left out, even the most ardent love does not count, and marriage is invariably a failure.

Modern science has cried the warning so often that all should realize the dangers of wedlock to people in ill-health. In a case of this kind death lurks on every side—in the kiss of betrothal and the caress of the honeymoon. The man who is suffering from ill-health is a physical bankrupt, and has no right to condemn a woman to be his nurse for life and the mother of babes that inherit his physical weakness. Dr. Pierce's Golden Medical Discovery acts directly on the digestive organism. It makes it strong and its action perfect. When a man's digestion is right his blood will be pure; when his blood is pure his nervous system will be strong and his health vigorous.

A woman who suffers from weakness and disease of the delicate organism of her sex is certain to suffer from general ill-health, and to be an unhappy, helpless invalid and a disappointment to her children. Her children will be weak, puny and peevish. A happy home is an impossibility for her until her health is restored. Dr. Pierce's Favorite Prescription cures all troubles of the distinctly feminine organism. It cures them speedily, completely and permanently. It fits for wifehood and motherhood. Both medicines are sold by all good dealers.

A THIEVES' HARVEST.

THE PICKPOCKETS FLOCKED TO THE MACE-COBURN FIGHT.

It Was Probably the Greatest Gathering of Light Fingering Artists on Record—Some of the Amusing Incidents of an Eventful Day.

"The greatest gathering of pickpockets that I ever saw, and I dare say, the greatest bunch that ever assembled, was at the Mace-Coburn fight at Long Point, Canada, on May 11, 1871," said a detective who has been in the business since 1855. "The big fight was held in the vicinity of the old light-house on Long Point, and the only way to get to the ground was by boat from Erie or Buffalo or by walking a good many miles through Canada. The boat that left Buffalo carried in the neighborhood of 1,000 persons. The fact that there were a large number of thieves on the vessel was noised about, and the gamblers kept their hands on their valuables all the time. Strange to say, not a touch was made on the way over."

"Two vessels, both loaded to their fullest capacity, left Erie, Pa., and each of these carried a number of pickpockets. There were about a dozen detectives in the crowd, among them being Detective Patrick V. Casack of Buffalo, Captain Rogers and Detective Sullivan of Rochester and a few detectives from Erie, Pa., and Toronto. Out They knew that there was no use in trying to put a check on the work of the crooks, because there were at least 300 professional pickpockets in the crowd. Just after the spectators began taking their places about the ringside the sheriff got in the ring and made a speech like this:

"I wish to warn every one against pickpockets. There are hundreds of them here."

"The sheriff stepped out of the ring and several men grouped about him. The central figure of the group was a crook known as Papes. When the sheriff got out of the mix his diamond stud, his roll of bills and his watch were missing. He made known his loss to one of the detectives, and the detective volunteered to recover the property. The detective was Captain Rogers. He sought Papes, explained the situation to him, and Papes immediately turned over the sheriff's property, saying that he had taken it just for a joke.

"I can't begin to tell you how many pockets were picked this day. The fight waxed warm and every one was excited, so the crooks had a fine field to work in. Pocketbooks were actually flying in the air. Men were accusing honest men who sat beside them of touching them. Scores of diamond studs were unscrewed and nipped. The most humorous incident of the day was the theft of \$200 in bills from a thief who hailed from St. Louis and was unknown to the New York delegation. A New York man named O'Donoghue had got the St. Louis thief's roll, and he returned it when he learned his mistake. Some men were stripped of everything they had and were unable to buy a meal or a drink. In such cases the crooks helped them along with a small loan, as they termed it. The referee of the match was relieved of his diamond. His bills were in an inside pocket and were not touched. "Business lagged with the thieves after the fight was over. There were but few pockets left to pick. Several men who had been robbed insisted that the honest men should band together and attack the thieves for the purpose

ASSESSMENT NOTICE.

NOTICE IS HEREBY GIVEN THAT AT A meeting of the board of Trustees of the Orr Water Ditch Company at the office of the Secretary in Reno, Nev., July 8, 1899, an assessment of \$8. of three \$3. shares per share was levied upon each and every share of the capital stock of the company, payable Tuesday, Aug. 8, 1899, to the secretary. Any stock upon which this assessment shall remain unpaid on the

9th day of September, 1899, Shall be deemed delinquent and may be advertised and sold to pay such delinquent assessment, cost of advertising and expense of sale. C. GULLING, Secretary. Reno, July 8, 1899.

of recovering the stolen property. The detectives opposed this on the ground that the honest men and the pickpockets were mingled so closely as not to be distinguishable, and, moreover, the thieves could fight and would fight.

"All the thieves returned to Buffalo after the fight, and word of their coming was sent to police headquarters from the first landing place. When the boat tied up at the foot of Main street, a hundred policemen and all the detective force were there to meet it. About 800 or 950 thieves were marched out two abreast and lined up on the wharf. They were told that they were to be escorted out of town, and they made no protest. With the policemen and detectives as herders and drivers, the crooks were marched to the central station and corralled there under close guard. When a train for New York was made up, the thieves were escorted aboard it and were watched till it reached the city line.

"A few years later a big gang of pickpockets went to another fight at Long Point, but in size and expertness it did not approach the gang that went to the Mace-Coburn fight. At the Haulan-Courtney rowing match at Chautauqua lake was another big gathering of pickpockets. They had things their own way and reaped a big harvest. For instance, a detective's pocket was picked, but the thief who did the job was induced to return the property. Five minutes later the detective's pocket was picked a second time, and he was so chagrined that he did not endeavor to recover the plunder. But, as I said, the greatest gathering was at the Mace-Coburn fight. It was the last great rally of the topnotch crooks, and if you ask any old time crook he will tell you how he longs for another such expedition. It will never be. There are too many detectives now."—Chicago Inter Ocean.

Appendicitis.

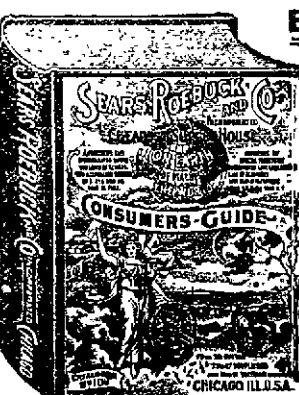

Appendicitis is not the surely fatal disease it has been often regarded. Professor Nothagel of Vienna finds that not less than 80 per cent of the cases run a simple course and recover under purely medical treatment. He states that opiates should be given, but no purgatives. There need be no uneasiness if the patient has no movement of the bowels for six or eight days.—Cincinnati Enquirer.

Modern Surgery.

"The average man would be greatly surprised to know how far the surgical world has moved in the last quarter of a century," said a prominent New Orleans practitioner. "It's hard to realize, even for one in the profession. We do things as a matter of course at present that only a few years ago would have been looked upon as downright murder. 'I remember back in the seventies I was called to attend a man who was shot through the intestines with buckshot, making a number of perforations. I promptly opened the abdominal cavity and sewed up the wounds, which at that time was regarded as a wildly daring operation. The man died from unavoidable complications, and his friends were determined to prosecute me for killing him. In fact, I had a close squeak from unpleasant consequences, for a great many other surgeons condemned my procedure in the severest terms."

"Just think of it! Today things are exactly reversed, and a surgeon who failed to open the abdomen in such a case would undoubtedly be punished for malpractice. This is one instance out of many. It is no exaggeration to say that the modern surgeon saves thousands of lives that his earlier brothers would have abandoned without an effort. 'Necessarily fatal' would have been the verdict and the sufferer assisted into the valley of the shadow by a merciful opiate."

The income tax in India is levied on all incomes of £30 and upward, and then only one man in 700 comes within

BIC ILLUSTRATED CATALOGUE FREE!

THIS BIG ENCYCLOPEDIA is our catalogue for spring and summer of 1899. It is 9x12 inches in size, contains thousands of quotations and illustrations, the handsomest, most complete and lowest priced catalogue ever published. Notice of appointment of administrator 5.00
For all other advertising legal rates will
be charged.

FRIDAY, JULY 28, 1899.

PARADOXICAL.

Everybody is right, everybody is
wrong, and nobody is to blame. Such
in effect is the somewhat paradoxical
decision of the Interior Department
concerning the late scandalous pro-
ceedings at the Western Shoshone In-
dian Agency at Duck Valley, in this
State. Dr. Merriweather, Frank Car-
son and Miss Egan have been trans-
ferred to other reservations, which
must be construed as at least a tacit
endorsement of their acts; otherwise
they would have been summarily dis-
missed from the service. It does not
appear that Agent Maybush is to be
removed, so it seems that his course
is also sustained by the department.
He charged Merriweather, Carson and
Miss Egan with conspiracy to murder
him in cold blood and that an actual
attempt had been made to carry their
purpose into effect. They, on the other
hand, charged the agent with all
sorts of misdoings, the mildest of
which, if true, would be more than
sufficient to justify his official decapi-
tation. If Maybush's allegations were
true the prosecution of the offending
parties should have been continued;
their cases taken before a United
States grand jury and every effort
made to bring them to deserved pun-
ishment. If Maybush charged them
falsely, he should have been removed
as soon as the department was made
aware of his attempt to implicate in-
nocent persons in a criminal act. To
say the least, there is no sense or jus-
tice in the course the Interior Depart-
ment has pursued. If Merriweather,
Carson and Miss Egan are the murder-
ous and mischief breeding persons
they have been represented, changing
them to other locations will make
them no better nor will the public
service be benefited by their transfer.
They can conspire to murder and
breed mischief at other places as well
as at the Western Shoshone reserva-
tion. If one-tenth of the charges of
either party were true, the entire force,
from agent down, should have been
removed and their places filled by
others, even if the administration had
to go east of the Connecticut river to
find proper persons to attend to Indian
matters in the State of Nevada.

It is a scandalous affair all around
and all the way through, and the ad-
ministration has put the capstone on it
by its shilly-shallying policy of transfer,
instead of a searching inquiry into the
facts with the purpose of vindicating
the innocent and punishing the guilty
parties.

As we are upon the subject and as
most of the matter published has em-
anated from sources unfriendly to May-
bush, as a matter of fairness, we pub-
lish to-day in our local columns his
version as given in a communication to
the Virginia Enterprise.

ROCK CRUSHER.

The JOURNAL is in receipt of a sample
package of crushed granite from Stur-
tevant Mill Company of Boston, Mass.
The work is a result of that company's
roll jaw crusher. The appearance of
the sample, which is reduced to a sand,
indicates that the rock was of fine tex-
ture and very hard. Those in need of
a rock crusher will do well to inform
themselves about the roll jaw crusher.
From the evidence before us we be-
lieve it is a powerful agent for reduc-
ing rock.

One of the needs of Nevada is Bos-
ton rock crushers in combination. We
feel assured that the roll jaw crusher
will do its part of the work, and do it
well, but we need the intelligent Bos-
ton rock crusher in combination with
the roll jaw variety. There are a num-
ber of the former engaged in crushing
rock at the Reno Electric Reduction
Works, who, after the rock is crushed,
take from it all that is valuable in
commerce. Boston energy and intel-
ligence in rock crushing in combina-
tion with roll jaw crushers would sup-
ply one of Nevada's chief necessities.

MCKINLEY may be looking for a gen-
eral who can subdue the Filipinos
without becoming a Presidential pos-
sibility. Otis evidently possesses the
latter qualification, if not the former.
Nelson A. Miles is the man of all others
to attend to the Filipino part of
the work. He should be sent to the
Philippines at the earliest possible
day to set right the affairs which Alger
and Otis have bogged so persistently.
Secretary Root has here an opportu-
nity to distinguish himself and to win
the gratitude of the nation as well.

THE JONES-POWNING SUIT.

An article charging Senator Jones
with ingratitude in commencing suit
against the Powning estate has been
published in a number of papers in the
State, copied from the *Goldsboro News*,
in which it originally appeared. It
has given rise to considerable acrimo-
nious discussion, and the *Virginia*
Report is particularly severe in its com-
ments upon the *News* for its publica-
tion. The JOURNAL did not copy the
News article, nor has it heretofore
commented upon it, nor upon the
Senator's action in commencing the
suit, although it was the first to give,
as an item of news, the information
that such action had been commenced.

While this paper is not in political
sympathy with Senator Jones nor
favorable to his re-election, it does not
believe that the facts in the case war-
rant his assailment for the action he
has taken, nor the charge of ingratu-
tude to his departed friend. As the
JOURNAL understands it, the Powning
estate is insolvent, and its assets would
be more than consumed in payment of
other claims, so that the heir is noth-
ing loser by the addition of that of
Senator Jones, who will probably get
his proportion when the affairs of the
estate are finally settled. We can dis-
cern nothing in it more than an ordi-
nary business proposition, and one
where the intervention of sentiment
would benefit no one except the other
creditors of the estate.

Probably the *News* knew nothing of
the circumstances when the article
was produced, and the unexplained
fact of the commencement of such
suit, appearing in the Reno papers,
would perhaps seem to justify its
condemning remarks. The JOURNAL,
however, doesn't believe in hitting be-
hind the belt. The Senator has weak
places enough above to attack without
resorting to a "foul," which, according
to our ideas of the rules and ethics of
even aggressive journalism, the charg-
ing of Senator Jones in this instance
with ingratitude, would be so decided
by a just and impartial referee.

The editor of the *Goldsboro News*
says he will vote the straight Republi-
can ticket because a woman "whom he
dearly loves" wants him to. That's a
better reason than most men can give
for voting to sustain Hanna rule in
these United States of North America.

The peanut trust has a capital of
five millions, but there are a lot of
peanut politicians in Nevada whose
capital stock is not worth a nickel,
still looking for office.

Announcement.

I have just received a complete line
of working and dress shirts of the latest
patterns and styles, which I will sell
at bedrock prices. I wish to call par-
ticular attention to a working shirt I
am handling. It is undoubtedly the
best working shirt that was ever sold
on the Coast for the money. Call and
examine the same.

I have all the latest patterns in golf
and negligee shirts, in silks and madras
cloths.

I am pleased to announce that I have
secured the agency of the Wheeler
overall, famous on this Coast as being
the best fitting and most durable over-
all on the market. It is riveted, triple-
sewed and made of the heaviest and
best denim. Try a pair and be con-
vinced.

Free employment office in connec-
tion with the store.

ALFRED NELSON.

Twenty Days on the Sewers.

Yesterday morning a bear hall piano
player and a woman named Kate
Justice hired a horse and buggy from
Parry Bros. stable to drive to Laugh-
ton's springs. They drove to Verdi,
became intoxicated, and upset the
buggy at Marmol, a few miles above,
cutting two bad gashes in the woman's
head and otherwise injuring her. The
couple were placed under arrest and
tried before the Verdi Justice, who sen-
tenced the man to 20 days in the
county jail. Officer Leeper brought
him down to Reno, and to-day he will
join the chain gang.

The woman was released.

For Over Fifty Years.

Mrs. Winslow's Soothing Syrup has been
used by millions of mothers for their chil-
dren when teething. It disturbed at night
and broken of your rest by a sick child suf-
fering and crying with pain of cutting teeth,
send at once and get a bottle of Mrs. Win-
slow's Soothing Syrup for children teething.
It will relieve the poor little sufferer im-
mediately. Depend upon it mothers there is
no mistake about it. It cures Diarrhea
regulates the Stomach and Bowels, cures
Wind Colic, softens the gums, reduces In-
flammation and gives Tonic and Energy to
the whole system. Mrs. Winslow's Soothing
Syrup for children teething is pleasant to
the taste and is the prescription of one of
the oldest and best female physicians and
nurses in the United States. Price 25 cents
a bottle. Sold by all druggists throughout
the world. Be sure and ask for "Mrs. Win-
slow's Soothing Syrup."

Case of Sunstroke.

While engaged in stacking hay yester-
day forenoon at the farm three
miles east of Reno, Charley, the son of
J. Gault, was overcome by the heat.
He climbed down from the hay wagon,
walked a few feet and fell forward on
his face, unconscious. His brother
Dan carried him to the house, where
he revived somewhat before being con-
veyed to town, where he was placed
under the care of Dr. Thoma.

Seriously Ill.

George A. Morgan and Mrs. J. W.
Eckley of Virginia are in Reno at the
bedside of their mother, Mrs. Watkins,
who is seriously ill. It is reported
that she cannot live until daylight this
morning, having been unconscious for
some time.

Justice Court.

The examination of Patey Reynolds
was concluded yesterday afternoon. He
was held over to appear before the
Grand Jury, his bonds being placed at
\$750. Being unable to secure bail he
was committed to the county jail.

William Smith, under arrest on a
charge of stealing a ring from a woman
named Souleas Musick, entered a plea
of not guilty and will appear before
Judge Linn at one o'clock this after-
noon for examination.

Constable Golding brought two pris-
oners up from Wadsworth yesterday
and placed them in the county jail.
Their names are E. J. White and John
Smith both under sentence imposed
by Justice Hummel for disturbing the
peace of Wadsworth.

Discovered by Woman.

Another great discovery has been
made, and that too, by a lady in this
country. "Disease fastened its clutches
upon her and for seven years she with-
stood its severest tests, but her vital
organs were undermined and death
seemed imminent. For three months
she coughed incessantly, and could
not sleep. She finally discovered a way
to recovery, by purchasing of us a bot-
tle of Dr. King's New Discovery for Con-
sumption, and was so much relieved on
taking first dose, that she slept all
night; and two bottles, has abso-
lutely cured. Her name is Mrs. Luther
Lutz." Thus writes H. C. Hamnick &
Co. of Shelby N. C. Trial bottles free at
S. J. Hodgkinson's Drug Store. Regu-
lar size 50 cents and \$1.00. Every
bottle guaranteed.

Clara Morris' Success in Literature.

Clara Morris, the actress, has written
a charming poetic story, "The Princess
Porcelain," which is published in the
August Ladies' Home Journal. It is
Miss Morris' desire to become as well
known as an authoress as she is an
actress, and in the hope of such achieve-
ment she has entered the literary
field. Two or three other stories from
her pen have been published during
recent years, and they have been re-
ceived with the highest approval. Thus
far Miss Morris' literary efforts have
met with great success, and she finds a
place for everything that comes from
her pen.

State Agency.

The Reno Mercantile Company has
taken the agency for the celebrated
Bartlett Springs mineral water. This
water is well known throughout the
country, and the springs in California
have gained renown for their curative
qualities, hundreds of tourists from
different parts of the world flocking
there every year in search of health.
It is said the water when bottled re-
tains all its mineral qualities when
shipped to a distance, so gives the user
the same benefits he would re-
ceive at the famous springs.

An Outing for Pleasure.

A party of young people from Gold
Hill and Virginia drove to town yester-
day morning in a four-in-hand to
spend the day in seeing the sights of
Reno. They registered at the River-
side hotel as follows: Misses L. Har-
rington, A. Leary, A. Sielaff, T. Lynch
and Fred Clark all of Gold Hill; Mrs.
E. C. Lord and Miss F. A. Lord of
Virginia.

The party tendered an informal re-
ception to friends at the Riverside last
evening.

I. O. O. F. Attention!

Notice is hereby given to all mem-
bers of the I. O. O. F. to attend the
funeral of our late brother, John Bow-
man on Friday, July 28th. Sojourning
brothers are also respectfully invited.
Meet at Clough & Crosby's Hall at 1 p.
m. Carriages will be ready to convey
all members to and from the new I. O.
O. F. and Masonic cemetery, where the
interment will take place. Services
will be held at the family residence on
the corner of Sixth and Chestnut
streets at 2 p. m.

The Dead Irishman.

Some Irish body snatchers had rifled
a grave and hid their booty in a corner
of the churchyard, when it occurred to
a half tipsy fellow, who had been watch-
ing them unobserved, that it would be
pleasanter to be driven back to the near-
est town than to walk. He accordingly
secreted the dead man under a hedge
and lay down in his place. He was duly
transferred to a cart, but when about
half the journey was over one of the
men who had touched his hand scream-
ed to his friend, "Good heavens, the
body is warm!"

Hereupon, in a deep voice, the sup-
posed dead man remarked, "If you had
been where I've been for the last two
days, you'd be warm too!"

In a moment he was left in full pos-
session of the vehicle!—Sir M. E. Grant
Duff's Diary.

Fair haired people are said to be be-
coming less numerous than formerly.
The ancient Jews were a fair haired
race; now they are, with few exceptions,
dark. So it is, in a lesser degree, with
the Irish, among whom 150 years ago a
dark haired person was almost un-
known.

Optical goods of all kinds and watch repairing done at Doane's. Eyes tested and glasses fitted. Satisfaction guaranteed.

A. Wickershaw and wife arrived on the east bound train from Petaluma, Cal., yesterday and are registered at the Riverside.

Next Saturday evening Dixon Bros. will have delicious cold boiled ham for sale at their butcher shop. This is an innovation in the Reno meat business.

Man must eat, and when he is hungry he wants the best and lots of it. Go to the Washoe Lunch Counter; you will know you had a good, big meal when you have finished.

Harry Davis has on sale the famous Porto de Oro clear Havana cigars, Perfect shape. This cigar is sold in many places at the rate of 3 for 50 cents but at the Model they may be bought at 2 for 25 cents. A new line of fine stationery just received.

"I think I could go crazy with pain were it not for Chamberlain's Pain Balm," writes W. H. Stapleton, Hermina, Pa. "I have been afflicted with rheumatism for several years and have tried remedies without number, but Pain Balm is the best medicine I have got hold of." One application relieves the pain. For sale by Wm. Pinniger.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effective cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all its dangerous consequences. For sale by Wm. Pinniger.

The Appetite of a Goat

Is envied by all poor dyspeptics whose Stomach and Liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful Stomach and Liver Remedy, gives a splendid appetite, sound digestion and a healthy bodily habit that insures perfect health and great energy. Only 25 cents, at Hodgkinson's drug store.

THE RANCHERS OF WASHOE.

A General Review of Ranches and Crops—Some Interesting Facts and Figures.

P. J. KELLEY AND SONS.
This farm of about 360 acres near the English Mill has harvested a crop of 570 tons of first class hay. The crop is a little better than last year and Mr. Kelley expects to put up 900 tons this season. Eighteen men were employed to harvest the first crop which was all up last Monday. Sixty acres are in wheat of which forty acres are being cut for hay. The remainder will be thrashed. Four acres of potatoes and two acres of onions are doing well, and will be sold to shippers.

J. GAULT.
Mr. Gault's ranch is located in North Glendale and contains 400 acres, 150 acres being under cultivation and the remainder is used for pasture. The first crop, which was a little short, turned off 250 tons of alfalfa and timothy hay. Last year Mr. Gault cut 400 tons on 70 acres which this year turned off only 350 tons. He estimates that his hay will be 100 tons short of what it was last year. Forty acres are in wheat which will yield 30 bushels to the acre, better than last year. Mr. Gault conducts a dairy of 8 cows, selling the milk to the Reno Cheese Factory.

THE JAMES SULLIVAN FARM
Contains 240 acres of rich land. This year Mr. Sullivan has only 30 acres in grain, not sowing as much as formerly. His hay crop this year will be about 600 tons of alfalfa and timothy, the first crop yielding nearly 400 tons. Ten or twelve men were employed during haying. Mr. Sullivan usually sells his hay to P. L. Flanagan, who winters his sheep at the farm, which is splendidly equipped for that purpose, having cribs, bins, sheds, corrals and a dipping vat.

M. GULLING'S RANCH
Contains 200 acres, 130 of which are in clover and other grasses. Mr. Gulling's annual crop is usually 200 tons. His crop is about as good this year as it was last. Mr. Gulling has 30 acres of wheat which will thrash over 30 bushels to the acre. He conducts a splendid dairy, milking twenty thoroughbred Holstein cows, of which he makes a specialty. The milk is sold and delivered to the cheese factory in Reno.

MRS. CONROY.
Mrs. Conroy's farm in North Glendale contains 80 acres, upon which is raised 100 tons of alfalfa hay. Mrs. Conroy resides in Reno, renting her ranch to neighboring farmers who harvest the crop. Last year's hay was all baled and shipped, but it is generally sold and fed on the ranch.

P. MCCARRAN.
The location of this farm is in the canyon, about midway between Wadsworth and Reno. It contains 600 acres, 100 acres of which are under cultivation. Mr. McCarran has just finished stacking 100 tons of alfalfa, the first crop. This hay is fed during the winter to his sheep, of which he owns a band of 1000 head. He will have 800 lambs for the market this year.

Here the reporter saw the first fruit on his trip, for in the large orchard of 200 trees, 50 prune trees are fairly loaded down.

Seven acres of potatoes growing in the canyon seemed to be better than those in the country above.

Cattle Inspector Appointed
Governor Sadler yesterday appointed Sol Hulp Cattle Inspector for the State. The office was created by the last legislature with a salary of \$1,500 a year. The office is about as much use for a Cattle Inspector as for a Board of Marine Commissioners in Nevada but somebody was bound to get it, and the choice might have fallen upon a good deal less deserving man than Sol. He will probably hold it until the meeting of the next legislature, when about the first hard work that body will do will be the abolishment of that and a lot of other sinecure offices created by the Stewart legislature and the present State Administration by which the taxpayers are made to contribute to the election expenses of the grand old man.

An Editor's Life Saved by Chamberlain's Cough Remedy.

During the early part of October, 1898, I contracted a bad cold which settled on my lungs and was neglected until I began to feel consumption had appeared in a dangerous state. I was constantly coughing and trying to expect something which I could not. I became alarmed and after giving the local doctor a trial bought a bottle of Chamberlain's Cough Remedy and the result was immediate improvement, and after I had used three bottles my lungs were restored to their healthy state.—B. S. EDWARDS, publisher of the Review, Wyant, Ill. For sale by W. Pinniger.

He Fooled the Surgeons.

All doctors told Renick Hamilton of West Jefferson, O., after suffering 18 months from Rectal Fistula, that he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the surest Pile cure on Earth, and the best Salve in the world. 25 cents a box. Sold by S. J. Hodgkinson, druggist.

English Mill.

After several years of unsuccessful experimenting with nearly every known method, the bed of tailings at the old English Mill are at last being worked very satisfactorily by the simple process known as elutriating, or roasting with sulphur and common salt, after which they are run through the amalgamating vats in the common way.

Nine tons of tailings are being roasted per day with salt and pulverized iron sulphurets obtained near Washoe City.

Six men are employed on the roasting furnace, the work being divided into three eight hours shifts, two men on a shift. A charge of 750 pounds is drawn from the furnace every hour. The roasted tailings are then transferred to the amalgamating vat, which takes 2,500 pounds at a charge, and runs four charges per day. Two men are working on the pans, each working twelve hours at a shift.

The tailings assay about 14 ounces of silver and from four to five or six dollars per ton in gold. This, of course, is not all saved in the operation, but it is estimated that it runs from eight to twelve dollars per ton. A mass of amalgam weighing from 120 to 160 pounds is retorted every other day.

Professor R. D. Jackson, who has charge of the work, makes careful and elaborate assays of all samples, both before and after working, and can thus tell at once what is needed in roasting in order to secure best results.

As nearly every known intricate method has been tried on this ore, Professor Jackson is to be complimented on his successful experiment.

Mayhugh Gives His Side of the Duck Valley Affair.

WHITE ROCK, Nev., July 17, 1899.—Editor Enterprise—Dear Sir:

Will you kindly give me some space in the columns of your paper to refute slanderous reports which I have noticed by the *Silver State*, that reference was made to a letter written from White Rock under date of the 7th instant saying a telegram was sent to Washington telling the Commissioner of Indian Affairs there was a plan on foot to eject an Indian girl from the agency boarding school—the same Indian girl that caused the trouble on the 17th of last April—and that trouble was anticipated again; that a fourth attempt had been made to burn the schoolhouse, etc.

The good people of White Rock do not engage in writing slanderous letters about their neighbors; they are attending to their legitimate business. The cowardly falsehoods that have been sent to the press from time to time are instigated by the parties who attempted to murder the agent and farmer. They reside on the reservation, and the doctor, A. P. Meriwether, has just been removed by the authorities at Washington to the Crow Agency. This is the second time he has been removed in one year, having been transferred here from Pima Agency, Arizona, for mischief-making and a slanderous tongue. I can prove positively every statement made or charge above referred to about this agency are false.

It is a positive lie that any person on this agency (except the instigators of the report) ever tried to incite the Indians. It is also a lie that a fourth attempt has been made to burn the school building. As agent I have made diligent inquiry, and have been unable to find a single person who knew or heard about a fire.

If ever the building is burned it will be done by the present inmates, as they are continually saying the building will be burned down; they will then report it was set afire by the Indians.

It is a falsehood that any attempt was made to eject the immortal Indian girl from the school-house, who this woman began sheltering. This immoral girl, with one other Indian woman, are there now, and will continue so until removed by the government.

I have done my best to administer the affairs of this agency upon the lines of morality and economy, particularly protecting the young Shoshone school girls. For this I am slandered by a perjured woman—whose record is on file in the Indian office—and a meddlesome man.

It is a little surprising that the press of the State has given aid and comfort to these rovers, who have no character or standing in society. They shelter themselves under the cloak of civil service. This shows the transparent fraud that civil service perpetrates on the American people, and President McKinley performed a most excellent thing when he knocked out over 4,000 employees from under that rule. It is to be hoped he will enlarge the number and fling open the doors wide, so every American citizen may have a chance to enter.

Peace and harmony prevailed previously to the advent of Miss Annie C. Egan and Dr. A. P. Meriwether. The appearance of this disturbing element caused all the trouble that occurred on the 17th of last April.

The Indians of this reservation are peaceful and quiet and are busy attending to their farms. They will not disturb anyone and do not wish to be disturbed.

After a residence of 38 years in this State, 30 of the same in the county of Elko, during which time no one can successfully show that I ever committed any public or private wrong, yet two traveling hobos in the Indian service are listened to with attention when they are slandering a respectable citizen of the State of Nevada. At some future day I will unfold a tale that will surprise the people of the State of Nevada. Heretofore I have desisted replying to the slanders in any way, as I thought people knew me too well to believe them.

In conclusion I respectfully request, as an act of justice to an old citizen of the State, that those who have heretofore copied matters adverse to me that they will be kind enough to give place to this communication.

Miss Anna C. Egan, the disturber and fighter, has once before been arrested at Santa Fe, New Mexico—in January, 1895—and in a trial there which lasted a week she was found guilty of perjury and of slandering Colonel Jones and wife of the Santa Fe Indian training school. The trial was heard before Hon. Thos. P. Smith, Chief Justice of New Mexico. I have a letter from him now in my possession which I may give to the press later on. The whole trouble was a conspiracy so they could supercede me, but more later on.

Ice Cream Parlors.
The Palace Bakery rooms are not only the coolest and most dignified place of its kind in town, but we also assert, without fear of contradiction, that our goods and service are far superior to any.

English Mill.

After several years of unsuccessful experimenting with nearly every known method, the bed of tailings at the old English Mill are at last being worked very satisfactorily by the simple process known as elutriating, or roasting with sulphur and common salt, after which they are run through the amalgamating vats in the common way.

Nine tons of tailings are being roasted per day with salt and pulverized iron sulphurets obtained near Washoe City.

Six men are employed on the roasting furnace, the work being divided into three eight hours shifts, two men on a shift. A charge of 750 pounds is drawn from the furnace every hour. The roasted tailings are then transferred to the amalgamating vat, which takes 2,500 pounds at a charge, and runs four charges per day. Two men are working on the pans, each working twelve hours at a shift.

The tailings assay about 14 ounces of silver and from four to five or six dollars per ton in gold. This, of course, is not all saved in the operation, but it is estimated that it runs from eight to twelve dollars per ton. A mass of amalgam weighing from 120 to 160 pounds is retorted every other day.

Professor R. D. Jackson, who has charge of the work, makes careful and elaborate assays of all samples, both before and after working, and can thus tell at once what is needed in roasting in order to secure best results.

As nearly every known intricate method has been tried on this ore, Professor Jackson is to be complimented on his successful experiment.

Glorious News.

Comes from Dr. D. B. Cargile of Washita, I. T. He writes: "Four bottles of Electric Bitters have cured Mrs. Brewer of scrofula, which had caused great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent. This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by S. J. Hodgkinson's Druggist Guaranteed.

Closing Out.
I am closing out my entire stock of dry goods at actual wholesale cost for cash only; for the purpose of re-opening next door when the building is finished, with altogether new fall and winter goods. Everybody should take advantage of this sale. Every article, from the finest dress goods and silks to the simplest domestic goods and fancy goods, is reduced to cost price and must be sold before removing.

S. EMBRIOL.

French Fanny Wafers.
The world's famous remedy for painful period and irregularities, regardless of cause, are never failing and safe. The wafers are the married woman's best friend. The only reliable female regulator; imported Paris. Take nothing else but insist on the genuine, red rappers, with our trade mark. La France Drug Co, importers, 308 Turk street, San Francisco. jly21y
